

HydroSnap Dashboard Report

Comprehensive Water Level Monitoring Analysis

Generated on Saturday, February 21, 2026 at 11:43 AM

Report Information

Dataset:

Monitoring Sites

Data Period: Jan 22, 2026 to Feb 21, 2026

Total Charts:

3 visualization types

Chart Types Included:

Pie Charts (multiple categories), Line, Bar, Stacked Bar

Key Statistics Summary

48

Total Sites Monitored

7

Total Readings

0

⚠ Danger Sites

1

⚡ Warning Sites

Average Water Level:

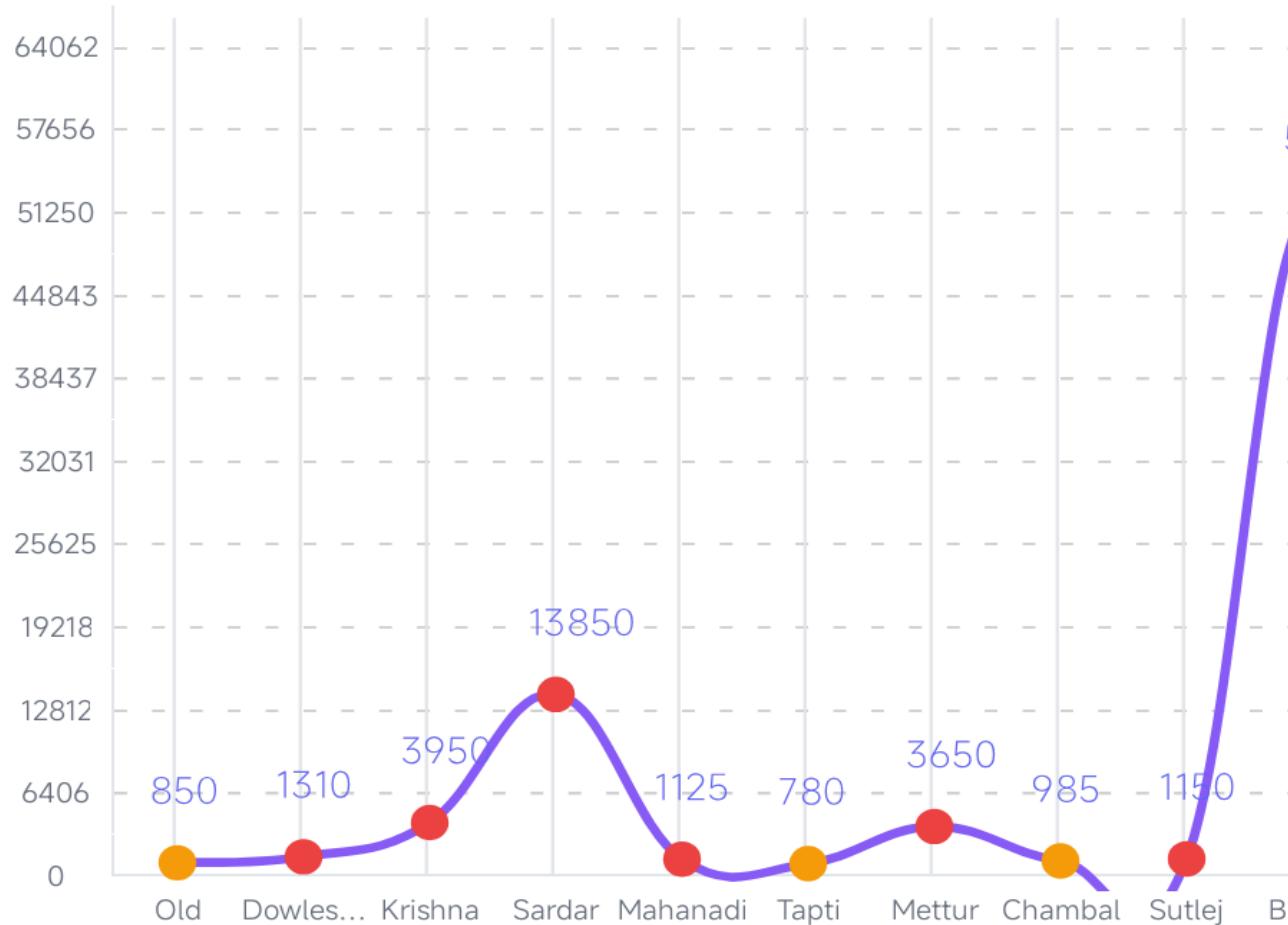

596.84 meters
